

# Federal Health and Social Service Programs That Support People Experiencing Homelessness

This document seeks to help state and local leaders identify and access non-emergency health and social service programs in the U.S. departments of Health and Human Services (HHS) and Veterans Affairs (VA) so they can use multiple streams of federal funding for holistic supportive services that meet the short- and long-term needs of people experiencing or at risk of homelessness.

<p><b>Runaway and Homeless Youth Programs: Street Outreach Program</b></p>	<p>Street-based services to runaway, homeless, and street youth under the age of 21 and who have been subjected to, or are at risk of being subjected to, sexual abuse, prostitution, sexual exploitation, and severe forms of trafficking</p>	<p>Supports work with homeless, runaway and street youth to help them find stable housing and services and focuses on developing relationships between outreach workers and young people that allow them to rebuild connections with caring adults. Street outreach services include: street based education and outreach; access to emergency shelter; survival aid; treatment and counseling; crisis intervention; and follow-up support.</p>			<p>118 Street Outreach grantee programs across the country</p>	<p>Competitive three-year grants to public and private organizations; \$16 million in FY20 enacted; \$20 million in FY21 enacted.</p>
<p><a href="#">Head Start</a></p>	<p>Children from families experiencing homelessness are categorically eligible for Head Start.</p>	<p>Head Start and Early Head Start promotes school readiness and family wellbeing for infants, toddlers, and preschool-aged children from low-income families. These programs serve families with low incomes, children in foster care, and families experiencing homelessness</p>	<p>Head Start is a federal program for children under five years old and their families.</p>	<p>In 2018, about nine percent of children under age six experiencing homelessness (127,227 children) were <u>enrolled</u> in Head Start, Early Head Start, or programs funded</p>	<p>1,600 public and private nonprofit and for-profit agencies.</p>	<p>Grants to public agencies, private nonprofit and for-profit organizations, tribal governments, and school systems; \$10.6 billion (FY20 enacted); \$750 million from CARES Act, which includes up to \$500 million for summer Head Start programs and the balance distributed to Head Start programs to help them</p>

				<p>with McKinney---Vento sub grants.</p> <p>*The estimate of 127,227 children may be slightly inflated due to a small number of children who receive services from both Head Start/Early Head Start and the McKinney-Vento program. Sources: U.S. Department of Education.</p>		<p>respond to coronavirus-related needs of children and families; \$1 billion from ARP; \$10.7 billion (FY21 enacted)</p>
<b>Child Care Development Fund</b>	Children experiencing homelessness are identified as a priority population	States use CCDF to provide financial assistance to low-income families to access child care so they can work or attend a job training or educational program. Improving access to child care can buffer children and families from the challenges and risks associated with homelessness by supporting children’s learning		Fund child care assistance for 1.4 million children, under age 13, each month.		Grants to states, territories and tribes; \$5.8 billion (FY20 enacted); \$3.5 billion from CARES Act and \$10 billion through the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021 (P.L. 116-260) for immediate assistance to child care providers and to support child care for families;

		and development in safe, stable, and nurturing environments.				\$15 billion from ARP for supplemental child care funding, \$24 billion from ARP for child care stabilization, and \$633 million permanent increase in total Child Care and Development Fund; \$5.9 billion (FY21 enacted)
<b>Social Services Block Grant</b>	Vulnerable children, adults, and families and households with low incomes.	Through the SSBG States provide essential social services that help achieve a myriad of goals to reduce dependency and promote self-sufficiency; protect children and adults from neglect, abuse and exploitation; and help individuals who are unable to take care of themselves to stay in their homes or to find the best institutional arrangements. 29 allowable social service categories include child care, child welfare, services for persons with disabilities, case management, and protective services for adults and children.		In FY 2019, approximately 26 million individuals received services funded in part or in whole by the grant.	U.S. states and territories	Grants to States and Territories which may be administered by state via local municipalities or local agencies; \$1.6 billion (both FY20 and FY21 enacted).

		primarily in meeting their immediate home energy needs.		\$450. More than 5.3 million households receive an average heating benefit of \$439.	150 tribes and tribal organizations receive LIHEAP grants each year.	CARES act to support immediate home energy assistance; \$4.5 billion from ARP; \$3.7 billion (FY21 enacted)
<b>Low Income Household Water Assistance Program</b>	Low-income households	Provides funds to assist low-income households with water and wastewater bills. Funds are provided to owners or operators of public water systems or treatment works for the restoration of services to households that have had drinking water and/or wastewater services disconnected due to arrearages, to prevent disconnection for households at risk of disconnection due to arrearages, and to reduce rates charged to low-income households to help ensure affordable household water services.		This is a new program. Data on how many people served are not yet available.	Grants are available to States, the District of Columbia, the Commonwealth of Puerto Rico, U.S. Territories, and Federally and state-recognized Indian Tribes and tribal organizations that received FY 2021 Low Income Household Energy Assistance Program grants.	\$1.14 billion total, including \$500 million from ARP and \$638 million from the Consolidated Appropriations Act, 2021. While funds were <u>appropriated</u> through these laws, the program currently does not have permanent authority.
